Dear Dr. Artinian:

Thank you for your letter of August 19, 1987 concerning your views on the Administration's position with regard to the "Armenian Resolution" in the U.S. Congress. I apologize for my delay in responding.

This year, as in years past, the Administration has opposed enactment of the "Armenian Resolution," not because we wish to deny the suffering and tragedy experienced by Armenians during and after WWI, but because we believe the focus of our attention should be on the future, and specifically on ways to bring about reconciliation between all the national groups who lived and still live in Anatolia.

The horrible suffering which occurred among the whole population, Christian and Moslem alike, cannot be undone, and our task must be to ensure that such events are never again allowed to take place. It is toward this goal that the Administration will devote their energies.

I hope that this information has been helpful in responding to the concerns in your letter.

With best wishes,

Sincerely,

Dear Ms. Moats:

Thank you for your message to Senator Baker following President Reagan's address to right-to-life leaders on July 30.

The President has directed the Secretary of Health and Human Services, Otis Bowen, to issue new regulations to clarify the meaning of the abortion restriction governing Title X and to ensure that Federal funds are denied to any program that encourages, promotes, or advocates abortion; that counsels or refers clients for abortion; or that assists a woman in obtaining an abortion. The proposed regulations were published in the Federal Register on September 1. The President has stated on many occasions his deep concern about abortion, and he will continue to call for policies which reflect our nation's heritage of respect for the sanctity of human life.

In light of your interest, I am enclosing a copy of the President's July 30 remarks.

Again, thank you for writing. Please accept Senator Baker's best wishes.
